

## **METALS IN CBD PRODUCTS**

| Receipt:   | Date of Report: 24.01.202 |       | 020                       | Report No: ALCBD01390 |          |
|--|---------------------------|-------|---------------------------|-----------------------|----------|
| Customer Address: REAKIRO, POL                                   | AND, SP.Z.O.O.            |       |                           |                       |          |
| Sample Batch: Sample Batch: CBD SPRAY APPLE CRUMBLE1000MG SPR120 |                           |       | Sample<br>Date:27.12.2019 |                       | Location |
| Angela Leach Approved Signatory Co                               |                           | Comme | Comments:                 |                       |          |
| Technical Director   | •                         |       |                           |                       |          |

ICP Method The sample was analysed by AL-BIOSERVICES to determine the present of Aluminum, Chromium, Copper, Iron, Lead, Nickel, Silver, Tin, Titanium, Vanadium, Calcium, Arsenic, Cadmium, Magnesium, Molybdenum, Mercury, Phosphorus, Zinc, Manganese, Sulphur, Boron, Silicon, Sodium by ICP using ICP method against standard metal standards

## Results

Samples was tested as specified in AL-BIOSERVICES in house ICP method for CBD Products and the results obtained are tabulated in Table 1.

## Table 1 LOD 0.0001%

| Metals  | Results (mg/g) | Limits (mg/g) |
|---------|----------------|---------------|
| Arsenic | N.D            | -             |
| Mercury | N.D            | 0.0001        |
| Lead    | 0.0001         | 0.0030        |
| Cadmium | N.D            | 0.0010        |

Commission Regulations (EC) NO 629/2008

| SAMPLE NAME | TEST % Metals in CBD products                                |         |           |       |  |  |  |
|-------------|--|---------|-----------|-------|--|--|--|
|             | Test Aluminium, Chromium, Copper, Iron, Lead,                |         |           |       |  |  |  |
|             | Nickel, Silver, Tin, Titanium, Vanadium, Calcium             |         |           |       |  |  |  |
|             | Magnesium, Molybdenum, Mercury, Phosphorus, Zinc, Manganese, |         |           |       |  |  |  |
|             | Sulphur, Boron, Silicon, Sodium, Arsenic, Cadmium            |         |           |       |  |  |  |
